For quite some time now, there have been occasions when I think of ideas while in the tub. It's because the blood flow to my head improves and makes it easier for ideas to spring forth. However, I cannot take notes in the tub... And after I get out of the tub, before I realize it, I've ended up forgetting what those ideas inside my head were. Both my mind and body have been washed clean.

—Masashi Kishimoto, 2012

Author/artist Masashi Kishimoto was born in 1974 in rural Okayama Prefecture, Japan. After spending time in art college, he won the Hop Step Award for new manga artists with his manga **Karakuri** (Mechanism). Kishimoto decided to base his next story on traditional Japanese culture. His first version of **Naruto**, drawn in 1997, was a one-shot story about fox spirits; his final version, which debuted in **Weekly Shonen Jump** in 1999, quickly became the most popular ninja manga in Japan.

THE STORY SO FAR...

Naruto, the biggest troublemaker at the Ninja Academy in the Village of Konohagakure, finally becomes a ninja along with his classmates Sasuke and Sakura. They grow and mature through countless trials and battles. However, Sasuke, unable to give up his quest for vengeance, leaves Konohagakure to seek Orochimaru and his power.

Two years pass. Naruto grows up and engages in fierce battles against the Tailed Beast-targeting Akatsuki. Elsewhere, after winning the heroic battle against Itachi and learning his older brother's true intentions, Sasuke allies with the Akatsuki and sets out to destroy Konoha.

The Fourth Great Ninja War against the Akatsuki begins. After a series of unfavorable battles early on, the Allied Shinobi Forces begin to rally and make a comeback. However, the war situation deteriorates once again thanks to Uchiha Madara, who has been summoned back to life by Kabuto, and the Five Shadows finally assemble upon the battlefield! Meanwhile, Naruto and Bee violently clash with six jinchûriki manipulated by the masked Madara!!
